

## SECTION 09512 - ACOUSTICAL TILE CEILINGS

## A. SUMMARY

1. Acoustical tiles and [**non-fire-resistance**] [**fire-resistance**]-rated exposed suspension systems.
2. Acoustical tiles directly attached to substrates with [**adhesive**] [**staples**].
3. Seismic Zone: [**1**] [**2**] [**3**] [**4**].

## B. SUBMITTALS

1. Coordination Drawings.

## C. MATERIALS

1. Acoustical Tiles:
  - a. Nodular, cast, or molded, mineral base.
  - b. Water-felted, mineral base.
  - c. Mineral base with aluminum membrane-faced overlay.
2. Metal Suspension Systems:
  - a. Wire hangers, ties, rods, and fasteners.
  - b. Edge Moldings and Trim: [**Sheet metal**] [**Aluminum**].
3. Non-Fire-Resistance-Rated, Concealed Suspension Systems:
  - a. Direct-hung, double-web, steel.
  - b. Indirect-hung, steel.
4. Fire-Resistance-Rated, Concealed Suspension Systems:
  - a. Direct-hung, double-web, steel.
  - b. Indirect-hung, snap-in, steel.

## D. ACOUSTICAL TILE SCHEDULE

1. <Insert requirements for each type of acoustical tile.>
